PREFACE.

IN issuing Volume Eight, of BROOKLINE BLUE BOOK, we return thanks to the many subscribers who have favored us with their orders.

We have published the "summer residences," and "at home" days of all who sent us the information. We think our patrons will find this a convenient feature to refer to.

We are grateful to our advertising patrons for their orders, and trust they will receive a fair equivalent for their outlay.

The Elite List will be bound into our SUBURBAN BLUE BOOK, which includes upward of 10,000 names of our best suburban residents.

Very respectfully,

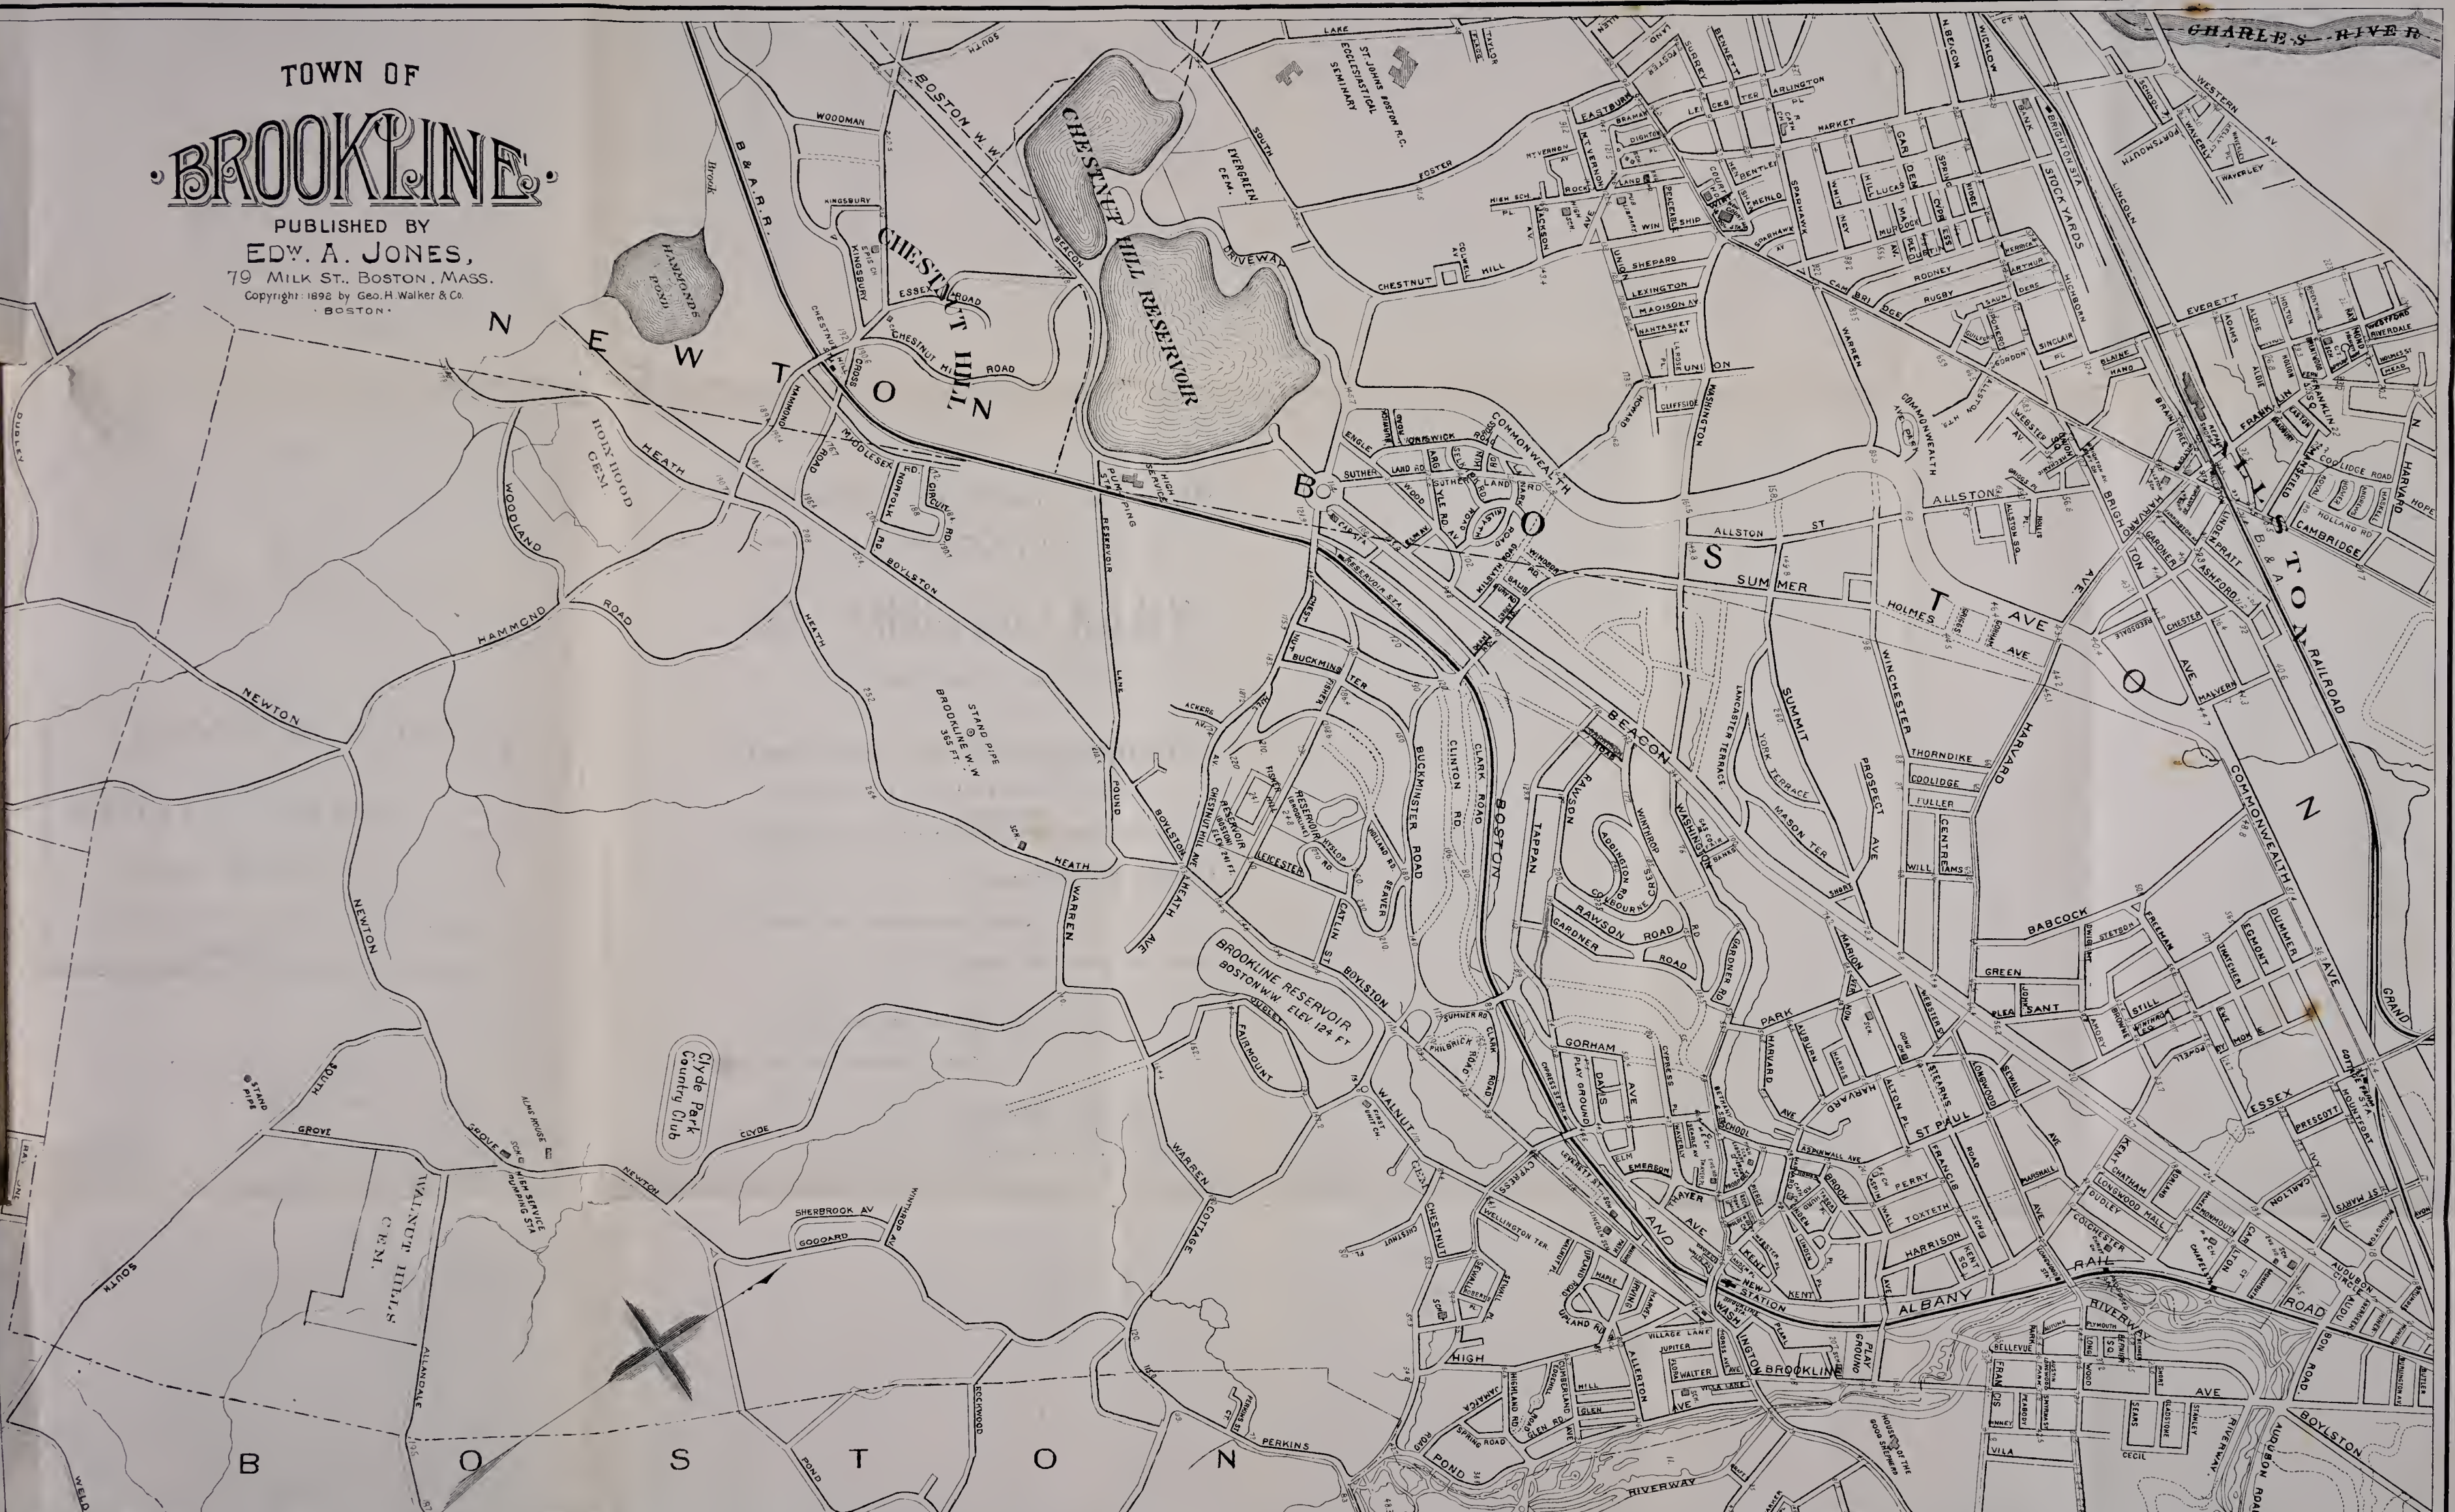

EDWARD A. JONES.

Dress Forms.

S. N. Ufford & Son (Ladies' Forms to order, a specialty), 12 West St., Boston.

A visit to the establishment of Messrs. Ufford & Son of 2 West Street, revealed to us a business not a little surprising. The beautiful precision attained by their long experience in the art—for it may well be called an art—of producing in papier-mache the exact counterpart of a lady's bust figure enables not only the dressmaker, but the lady in her home, if desired, to fit and drape her dresses. Dress fitting can be made a pleasure if not a pastime.

For a few dollars ladies can avail themselves of Messrs. Uffords' long experience and efforts to lighten one of "woman's burdens." Thousands of ladies using their "Forms" express their satisfaction in such terms as: "Comfort of my life!" "Invaluable!" "Worth its weight in gold to me!"—etc. We have not space to-day to speak of their new Patent Extension Steel Form that dressmakers say is the best they ever used. *Boston News.*

GRIFFITH'S HEAD BEACHES.

Dr. J. A. STEADMAN, Dr. CHAS. T. CLARKE, Proprietors.

A. J. WEST, Superintendent & Manager.

No. 1 BEACON STREET, Room 62A, BOSTON.

Mile Beach, 200 feet wide. Half-Mile Beach, 400 feet wide.
Little River and Uplands. Todd's Point.
Griffith's Head. Kidd's Point.
Sheepscot Bluffs. Great Fresh Pond

THE BEAUTIFUL Beaches and Uplands at Georgetown have lately been purchased from the Town of Georgetown by Dr. J. A. Steadman and Dr. Chas. T. Clarke. They are surveyed and laid out under the management of Mr. A. J. West.

Georgetown is situated at the right of the mouth of the Kennebec River. The Beaches are eight and one-half miles from Bath, two miles from Five Islands, and four miles from Squirrel Islands. The property includes, besides the Beaches, "Todd's Point," "Griffith's Head," Kidd's Point," and the highlands along Sheepscot Bay.

Between the two headlands runs an inlet, making a safe harbor for boats and yachts and a landing place for passengers. The scenery at this point is grand and beautiful, continually changing, and ever showing some new bit of beach, cliff, and wood. Leaving "Kidd's Point" and going north, we travel over a storm-beaten bluff, gradually ascending until you reach the northern boundary line, one mile from "Kidd's Point." From the face of this bluff, towards the interior, rise high hills with forest groves, springs, and brooks. Here are seen some of the finest views on the New England coast.

Extract from letter of Alexander Johnson, U. S. Surveyor:

"The beautiful sea beach extending south from "Griffith's Head" is the only beach from Popham all the way to Mt. Desert,—a clear, open sea view in front, showing every passing ship and steamer; with Seguin on the right, and Southport on the left, and the wide Sheepscot between. Old Orchard can offer nothing to compare with the splendid views to be had from any point on the premises. The sea rolls ceaselessly over the beach, and the storms are grand beyond description. The awful power of the heavy seas, as they break on Griffith's rugged "Head" and the mile of white, surging foam extending north as far as "Hammond's Harbor" and "Five Islands," can be appreciated only by those who view them."

The superiority of this over all other summer resorts lies in its great variety of attractions, giving pleasure and health. It combines in one the principal features of the summer resorts throughout the country.

To those who are looking for rest, health, pleasure, and a place to take their families during the summer season, it would be hard to find one better adapted for all purposes than "Georgetown Beaches." House lots can be bought very low, and plans will be drawn and cottages built at low prices. There is a large amount of money being expended in laying out and improving the property, and it certainly will be one of the most desirable and delightful resorts in New England.

The land is laid out in lots which are selling from one to ten cents per foot. Fare from Boston and return \$2.75 for the round trip, during the season.

Plans, information, and terms can be obtained by addressing or calling on the Manager

# GATES' COTTAGE,

White Mountains.

Shelburne, N. H.

**What the Rev. Thomas Starr King wrote after leaving Gilead for Shelburne, as quoted from his book :**

“Let us drive now across the river with our horses' heads towards Gorham and make our first halt at the house of Mr. Gates in Shelburne, under the shadow of Bald Cap Mountain. If we had time to speak of the view from the summit, which requires about two hours climbing, we should need words more rich than would come at our bidding. But how grand and complete is the landscape that stretches before us as we look up the river, seven or eight miles to the base of Madison and to the bulk of Washington, whose majestic dome rises over two curving walls of rock that are set beneath it like wings.”

“Seen in the afternoon light, the Androscoggin and its meadows look more lovely than on any portion of the road between Bethel and Gorham, and more fascinating than any piece of river scenery it has ever been my fortune to look upon in the mountain region. The rock and cascade picture in the forests of Bald Cap will reward the rambles.”

#### “THE LEAD MINE BRIDGE

is reached by riding two miles in the direction of Gorham, the mine itself from which the bridge is named, is about a mile distant.”

“The whole substance of these mountains seems then to be literally precious stones. They stand out in the same shape as when seen from Gates' Cottage two miles back, we do not have so much of the river and meadows in view as from the high banks there.”

“Boarders for the summer at moderate prices have been taken at Gates Cottage and we do not know of any house where the view from the door offers so many elements of a landscape.”

The train which leaves Boston at 9 A. M., via Boston & Maine R. R., has a Palace Car attached which leaves you at Shelburne.

WABAN is one of the most picturesque of the villages of the City of Newton, situated on the line of the Circuit Road of the Boston & Albany R. R., about 30 minutes ride from Boston. Some of the most desirable lots for building purposes can be obtained on favorable terms and are sold subject to reasonable restrictions. This part of Newton is growing rapidly and attracts the most desirable class of residents. A new school house has been built, city water, gas and electric lights have been introduced, which combined with the natural attractions of fine old shade trees, picturesque scenery, healthy location and near proximity to the Charles River, combine to make Waban the most attractive suburban residence near Boston. Its railroad facilities are unsurpassed, and being on the circuit, trains going either way carry passengers to Boston at short intervals. The rapid and healthy development of Waban justifies the intelligent and advanced methods by which its attractions have been brought to the notice of the best people. The Home Improvement Society has done much in furnishing literary, musical and social entertainments in the new hall recently built.—For terms and particulars apply to **FREDERICK H. HENSHAW**, Waban, or **CHARLES J. PAGE**, 82 Devonshire Street, Room 31, Boston.
